Dear Sir/Madam,

SUBJECT: APPLICATION FOR INDUSTRIAL ATTACHMENT – BACHELOR OF SCIENCE IN COMPUTER SCIENCE,

I am writing to express my interest in an industrial attachment opportunity at Huduma Kenya. I am a 3rd year student pursuing a **Bachelor of Science in Computer Science** at Machakos University. As part of my academic program, I am required to undertake an attachment to gain practical experience and apply my theoretical and practical knowledge in a professional environment.

I am particularly interested in Huduma Kenya due to its role in leveraging technology to enhance service delivery. My areas of interest include **software development, database management, cybersecurity, and networking**, and I am eager to contribute my skills while learning from experienced professionals in your organization.

I am a highly motivated and quick learner with proficiency in programming languages such as **Python**,

Java, and SQL, and I have a strong foundation in **system analysis, web development, and data structures**. I believe that an opportunity to train under your esteemed organization will enhance my technical and problem-solving abilities while contributing positively to your IT department.

I am available for the attachment from May to August and I have attached my **CV, and a letter from my university** for your review. I would appreciate the opportunity to discuss how my knowledge and enthusiasm can be beneficial to your team. I am available for an interview at your convenience and look forward to your positive response.

Thank you for your time and consideration.

Yours sincerely,

Brandistone Mabeya

Machakos University
